

Mind Strength

Strengthen your mind for your own success
(Plug to play your life in your own way)

FWD realizes that health care does not refer solely to physical health, which necessitates the inclusion of mental health treatment. Maintaining physical and mental fitness is crucial for making progress you desire.

Wanted to talk to someone to get a treatment guidelines due to excessive work, stress, anxiety, and insomnia.

Wished to get therapy for mental health issues from a psychiatrist but was unsure of where to go for a cure.

Psychiatric treatments are not covered in general health insurance and cannot be claimed.

If being diagnosed with severe physical illness to the point where you're unable to hold your own which affect your mental health, you'll consequently need to pay for a wide range of psychiatric medical care and mental health rehabilitation services.

It would be great if

we could consult and speak with a psychologist for the assessment and recommendations on mental health treatment.⁽¹⁾

It would be great if

there were network hospitals providing psychiatric treatment.

It would be great if

both Out-Patient and In-Patient mental health care costs could be covered.

It would be great if

there were additional lump sum benefits in case of psychiatric illness resulted from 4 critical illnesses.

A new concept of health insurance plan, Mind Strength, that you can design and elaborate your own coverage in order to live the life of your dreams from your FWD Precious Care plan which catered to comprehensively take the best care of both your physical and mental well-being.

Remark : (1) Service utilization details shall be in accordance with the terms and condition of Mind Strength Support programme

Mind Strength
